WORLD TUNNEL DAY
WORLD TUNNEL DAY

Young members mezinárodní tunelářské asociace (ITA_ym) v roce 2022 opět pořádaly tzv. World Tunnel Day. Akce se konala 5. prosince on-line přes platformu zoom jako forma oslavy svátku sv. Barbory. Jednalo se o 24hodinový maraton prezentací ze všech koutů světa. V rámci akce jednotlivé národní asociace Young Members prezentovaly svoji činnost a informovaly, co se děje v jejich zemích na poli podzemních staveb. CzTA_ym se akce rovněž zúčastnila jako každý rok ve sdíleném bloku spolu s Německem a Rakouskem. Video prezentací je možné zhlédnout na youtube: <https://www.youtube.com/@itaym3126/videos>.

World Tunnel Day

Young members of the International Tunnelling Association (ITA_ym) again organised the World Tunnel Day in 2022. The event took place on December 5, online via the Zoom platform as a form of celebration of St. Barbara. It was a 24-hour marathon of presentations from all over the world. As part of the event, individual Young Members national associations presented their activities and informed what is happening in their countries in the field of underground construction. CzTA_ym also participated in the event as every year in a shared block together with Germany and Austria. Presentation videos can be viewed on YouTube: <https://www.youtube.com/@itaym3126/videos>.

KONFERENCE PODZEMNÍ STAVBY PRAHA 2023
CONFERENCE UNDERGROUND CONSTRUCTION PRAGUE 2023

The 15th international conference Underground construction Prague 2023 will be held from May 29 to 31, 2023 at the Clarion Congress Hotel in Prague. 150 abstracts from 28 countries have been registered at the conference. At the end of 2022, the introductory and invited lectures were specified, to be again given by renowned foreign experts. As part of the conference,

there will also be a panel discussion focused on tunnel accidents (causes, risks and measures). On Sunday 28 May 2023 (i.e. the day before the conference) an accompanying course focusing on the use of BIM in underground construction will be organised. All information about the conference is available on the website www.ucprague.com.
